## Crosscut Symbols by Peter A'Hearn

The Crosscut Symbols below are from Peter A'Hearn. These can be found at <a href="http://crosscutsymbols.weebly.com/">http://crosscutsymbols.weebly.com/</a> with lots of supporting information including critical questions, questions that connect to science and engineering practices, and more for each concept. Teachers and students an also submit their own images for the crosscutting concepts on Peter's website.

	Patterns
Crosscutting	raccins
Crosscutting	
Concepts	
One of Three Dimensions from A Framework for K-12 Science Education	
Cause and Effect	Scale, Proportion, and Quantity
Systems and System Models	Energy and Matter
Structure and Function	Stability and Change
